Tax Refresher Program

Program Overview

The 'Tax Refresher Program' is a two-day program designed to build tax competency in business finance professionals - with or without having a background in core taxation. This course is designed for professionals with non-core taxation background e.g., MBAs, CFAs, and Business Graduates, having practical exposure of working in business finance, planning, treasury, commercial finance, budgeting, and M&A strategy while lacking the rigor taxation acumen.

For professionals possessing core taxation background e.g. CA /ICMAs, the program is pertinent as a refresher/ update of tax course.

Learning Outcomes

By the end of this program participants will be able to:

- Understand basic mechanism of the Taxation system
- Understand transaction-level tax implications through various scenarios
- Provide relevant inputs to management on tax implications
- Have effective conversations with Tax Advisors
- Evaluate critically tax treatments proposed by Tax Advisors
- Communicate with the authorities in coordination with Tax Advisors.
- Understand implications of amendments enacted through the Finance Act.
