Certificate in Active Teaching and Learning Strategies

A demand of 21st Century Teaching and Learning

Overview:

Active learning enables learners to engage in a meaningful learning experience. Research informs that most of the time students simply to listen and memorize which does not facilitate in their learning. It is therefore essential to engage learners in practical demonstration where they apply any concept into a real-world situation. This process requires all experienced teachers to do away teachers' centred approach and learn what is needed in 21st century learning skills in the classrooms.

All those teachers, professionals, mothers, students who intend to bring learner centred teaching, are encouraged to attend this **40 hours workshop** which aims to provide you an opportunity to explore, experience and experiment various active learning strategies to make you strong facilitator.

Key benefits:

Participants will be able to

- Integrate these active learning strategies with their subjects
- Engage in various activities and will witness growth in their own learning
