Skills Development Program

Adding Skills to Experience

Overview

Every child is unique and has a different mind, varied aptitude and interest. Children expect to seek autonomy to explore the world around them. Early year's education enable children's holistic development, for the purpose varied approaches are used to enable children to develop age-appropriate cognitive, psychological, emotional, social, moral and physical development.

This intense course in **Early Childhood Care and Education** is a practical activity based certificate course that aims at embarking upon revisiting the role of early years teachers to renew their learning about how children learn and how to engage them in learning using modern techniques which can easily be contextualized in their learning setting.

Course Contents

- * Understanding 'Children Development and Learning'
- * Brain Development in Early years
- * Setting the learning Environment ' Learning Corners '
- * Early Childhood Curriculum and Pedagogies
- * Element of 'Play & Inquiry'
- * Assessment in the Early Childhood Classrooms
- * Home School Partnership

This course will be taught in English and Urdu.

Key benefits for the participants include:

- ♦ Demonstrate how children learn and how to assess individual children's progress
- ♦ Apply practical strategies to facilitate children's in their holistic development
- ♦ Plan and setup learning environment and routines for the classrooms

Participants' profile:

Early childhood practitioners, early years school leaders, individuals aspire to join teaching, Montessori teachers from government and/or private sector and parents.
