

IELTS

Program Overview

IELTS is mandatory for admissions in undergraduate & postgraduate abroad and for immigration aspirants. It will be helpful for professionals, final year students, and faculty to explore more possibilities to identify their goals for the future and begin to plan for their options in their academic careers. The whole process may involve identifying one's passions and strengths and then exploring further education and occupations suited to individual needs and aspirations along with the needs of possibilities to score better in IELTS.

Learning Outcomes

Since 2010, M.H.Ashrafi carries a mission to provide quality education and training for every student. He believes in student satisfaction being at first priority and his core objective is to provide every possible facility to students. He believes in the best and the major reason for the increasing success of Mr Ashrafi is because of the strong strategy of building trust and confidence with students.
