Improving Writing Skills **for better career**

It is said that writing is a process, which enable learners to go through their inner self and connect to the world, this process requires many drafts to develop an impressive piece of work. Writing gives you a kind of authority that will allow you to work more confidently whether you are professionals or students.

Learning how to write effectively is one of the most important life-long skills which is essential for all learners whether you are teachers, students, professionals or even responsible for household work. It is an art to learn how to articulate what you think to others with simple and succinct manner.

If you would like to improve, your writing skills using activity based approach and then this 48 hours workshop would provide you an opportunity to learn to write in English in an enabling environment using different activities.

Level: Teachers, Parents, College or University students

If people cannot write well they cannot think well...
